### COUNTY'S AND CITY'S **BOARDS HARD AT IT**

Resume Work of Equalization of Assessments.

Members of the county and city equalization boards Monday resumed their tasks. The former set in for a busy week as property in the downtown districts was taken up. Farmers are expected to protest later in the week when property in the outlying neighborhoods will be considered. Many large property owners in the downtown areas Monday visited the county courfroom requesting figures and 'the necessary blanks for filing of protests.

The city board's time was taken with consideration of personalty books. According to members of the board public hearings on these likely will be Thurwday and Friday. Some notices already have been sent out advising taxpayers of increases in their personalty assessment.

payers of increases in their personally assessment.

City Assessor T. G. Scarbrough and his corps of assistants were busy Monday in completing the city merchants ad vaiorem tax. It is expected by Chairman R. L. Jordan of the city board to receive these books by the latter part of the week and work in checking up will begin probably next Monday. Increases in this department are expected as Mayor Paine has made it understood that he is depending largely on personalty and merchants tax to boost the school board's funds to a figure required to operate the federal survey system and to meet additional demands for revenue from the schools.

County Assessor W. T. Condon Mon-

schools, Assessor W. T. Condon Monday declared that the county personalty books would be ready in good time for the board. Some delay has been necessitated by the printer's inability to return books. Condon is working on two of the books now however, and thinks the third will be ready to start on within a day or so.

#### BELIEVES SYRUP FAD HAS STRUCK COUNTRY

Americans have acquired the syrup fad. The result is not enough to go around, although all mills are working to utmost capacity to supply the demand, according to R. V. Everroad, Little Rock, who is one of the largest syrup shippers of Arkansas, Mr. Everroad is stopping at Hotel Chieca. Sugar teeth have developed greatly in the past year and from the volume of sales, it seems nearly every family must now include syrup as one of the regular articles of diet, said Mr. Everroad.

road.

A conference of syrup distributors was held with Mr. Everroad Monday with a view to devising means to meet the shortage and arrange distribution on a fair basis to all sections.
